
How sensitive are teachers towards diversity?

PERSONALLY

1-to-5 Scale

Cultural, linguistic and social diversity
- Capacity
- Gender
- Sexual orientation

PROFESSIONALLY

Cultural, linguistic and social diversity
- Capacity
- Gender
- Sexual orientation

IN GENERAL:

High sensitivity towards diversity

Teachers with professional experience show lower sensitivity than inexperienced ones. Reasons: lack of resources, support and ongoing training focused on diversity.

DETECTED NEEDS

Intervention programmes favouring greater awareness and sensitivity towards diversity.

More effective teaching and students’ improved performance.
